

2023 School Improvement Plan Summary

Wallaroo Primary School

Goals	Targets	Challenge of Practice	Success Criteria
<p>To improve the number of students achieving a B or better in English in their end of year report.</p>	<p>2022:</p>	<p>If we prioritise the consistent pedagogical practice of reciprocal teaching and focus on task design that enables responsive teaching, then we will increase the number of students achieving a B or better in Year 1 to Year 6 in their end of year report.</p>	<p>All students will be able to identify and articulate their reading goal and next learning steps. Reading goals and next learning steps will be informed by the reading progressions and Essential Assessment goals, which will directly link to the Australian Curriculum.</p> <p>We will see: We will see students able to articulate how they have achieved their goals when referring to work samples.</p> <p>We will see students explain the four reciprocal teaching strategies of predictor, clarifier, questioner, summariser when asked.</p> <p>We will see students articulate their next learning steps in reading from their pre and post Essential Assessments.</p> <p>Each student R-6 using the same reading goal template.</p>
	<p>2023: A-E grades in English 4 year 1 students (36%) to achieve a B or better in English in their end of year report. 6 year 2 students (54%) to achieve a B or better in English in their end of year report. 4 year 3 students (44%) to achieve a B or better in English in their end of year report. 6 year 4 students (36%) to achieve a B or better in English in their end of year report. 5 year 5 students (50%) to achieve a B or better in English in their end of year report. 3 year 6 students (30%) to achieve a B or better in English in their end of year report.</p>
