

Wallaroo Primary School: Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students are asked to sign in all digital devices at the front office every morning and then sign them out after school every day.

Digital devices are kept in a secure area inaccessible to students.

If the student does not comply

- any use of a personal mobile device inside of school hours (unless an exception has been agreed on) is not appropriate use of a personal mobile device.
- the device will be confiscated by a staff member and will need to be signed out by a parent or caregiver at the end of the day.
- a note will go home in the students diary explaining why the phone was confiscated.
- police may be contacted, at the Principal's discretion, depending on the content of the misuse.
